

Group 5 Meeting Notes — Homework 6

October 14, 2025

Attendance:

David Fazylov, Devak Mehta, Ajay Pal, Bryan Sanchez, Renzo Salazar Cueva

Notes:

- Group 5 introduced new team members to the operation through Whatsapp
 - Discussed start of Homework 6 (Chapter 6 Set Operators).
 - Created a set of pairs based on newly assigned groups
 - Agreed to meet again after everyone completed initial testing
-

October 15, 2025

Attendance:

David Fazylov, Devak Mehta, Ajay Pal, Bryan Sanchez, Renzo Salazar Cueva

Notes:

- Began Homework 6 (Chapter 6 queries).
 - Created a set of pairs based on newly assigned groups
 - Created Google Drive shared folder where each member will drop their individual group, where the group leader will then upload to github
-

October 16, 2025

Attendance:

David Fazylov, Devak Mehta, Ajay Pal, Bryan Sanchez, Renzo Salazar Cueva

Notes:

- Completed all individual queries for Homework 6.
- Cross-checked each other's outputs for accuracy and consistency.
- Ensured that each query included a short explanation of its business purpose (e.g., company analytics or sales reporting).

- Renzo handled last minute pair swaps with the removal of a group member
 - Renzo handled final polishing of notebook formatting and output tables.
-

October 17, 2025

Attendance:

David Fazylov, Devak Mehta, Ajay Pal, Bryan Sanchez, Renzo Salazar Cueva

Notes:

- Final review meeting before submission (due 11:59 PM).
- Uploaded the final .ipynb file and PDF version to the shared Drive
- Renzo uploaded the finished notebook to Brightspace and confirmed timestamp submission.
- Group reflected on collaboration success — clear communication via WhatsApp and on-time completion of all deliverables.
